Professional Summary

Frontend Developer with hands-on experience in developing scalable and responsive web applications using ReactJS, JavaScript, HTML5, and CSS3. Proficient in version control (Git), Agile methodologies, and UI/UX principles. Proven ability to boost app performance, enhance user experience, and work cross-functionally to deliver projects on time.

Technical Skills

Programming Languages: JavaScript, Java
Web Technologies: HTML5, CSS3, Responsive Web Design, Cross-browser Compatibility
Frameworks & Libraries: ReactJS, Bootstrap
Tools & Platforms: Git, GitHub, VS Code, Postman, MS Excel
Core Skills: RESTful APIs, Debugging, Version Control Systems, UI Performance Optimization

Certifications

Java Programming Course | *Hitbullseye*   **Nov 2022**

Front-End Web Development Specialization | *Coursera*   **Dec 2023**

Java Full Stack Developer Program | *ExcelR Solutions*   **Jul 2024 – Dec 2024**

Work Experience

Frontend Developer Intern   **Sept 2024 – Mar 2025**
AiVariant   *Remote*

- Developed 15+ reusable, modular UI components using ReactJS, React Router, and Spring Boot APIs.
- Increased app performance by 20% through lazy loading, memoization, and optimized rendering techniques.
- Collaborated with designers, backend engineers, and QA in an Agile/Scrum team to increase sprint velocity by 15%.
- Followed Gitflow for version control and ensured best practices in code documentation and pull requests.

Projects

Travel Planner Application | ReactJS, Spring Boot, REST API   **June 2024 – Aug 2024**

- Built full-stack app for itinerary planning using Spring APIs, map integration, and real-time weather updates.
- Improved app responsiveness and reduced load time by 25% using dynamic rendering strategies.

E-Commerce Website Clone | HTML, CSS, JavaScript   **Sep 2024 – Nov 2024**

- Replicated Vaaradi Farms shopping interface with interactive UI, cart management, and product filtering.
- Enhanced mobile usability and reduced bounce rate by 15% through responsive media queries.

HomeHive Real Estate Web App | ReactJS, Firebase, Google Maps API   **Jan 2025 – Mar 2025**

- Created a feature-rich interface with filters, search by location, and interactive map listings.
- Reduced search time by 30% via React state optimization and debounced queries.
- Integrated Firebase Authentication and Google Sign-In for secure user access.

Education

Lovely Professional University, Punjab   **2020 – 2024**
B.Tech in Computer Science and Engineering   *CGPA: 7.0 / 10*

Krishnaveni Junior College, Telangana   **2018 – 2020**
Intermediate (Higher Secondary)   *CGPA: 8.7 / 10*

New Era High School, Khammam   **2018**
Secondary School Certificate (SSC)   *CGPA: 9.0 / 10*
